

MÖTPRO Fully Synthetic Motorcycle Engine Oil SAE 10W40 SN MA2

Product Description

MÖTPRO 10W40 SN MA2 4T is a premium fully synthetic lubricant tailored for air- and water-cooled 4-stroke motorcycle engines. It ensures peak performance, durability, and maximum protection for both engine and transmission. Developed for motorcycles operating in normal to extreme conditions, it is particularly suitable for wet clutch systems and catalytic converters.

Application

- Designed for high-performance 4-stroke motorcycles with or without integrated gearboxes.
- Suitable for engines equipped with catalytic converters or other exhaust after-treatment systems.
- Ideal for sport, touring, and daily riding.

Recommendations

- Always follow the vehicle manufacturer's recommendations for oil type and drain intervals.
- Compatible with other synthetic and mineral oils, but maximum performance is achieved when used unmixed

Typical Properties

Property	Method	Unit	Value
SAE Viscosity Grade	SAE J300	-	10W-40
Density @ 15°C	ASTM D4052	g/cm ³	0.8521
Kinematic Viscosity @ 40°C	ASTM D445	mm ² /s	95.88
Kinematic Viscosity @ 100°C	ASTM D445	mm ² /s	14.58
Viscosity Index	ASTM D2270	-	158
HTHS Viscosity @ 150°C	ASTM D4741	mPa.s	3.8
Pour Point	ASTM D5950	°C	-39
Flash Point	ASTM D92	°C	242
Total Base Number (TBN)	ASTM D2896	mg KOH/g	7.0
Sulfated Ash	ASTM D874	% weight	0.8
Noack Volatility	ASTM D5800	% weight	9.5

Performance Benefits

- **Exceptional Friction Control:** Improves efficiency, power delivery, and clutch grip.
- **Advanced Oxidation Resistance:** Extends oil life even in high-temperature conditions.
- **Outstanding Wear Protection:** Protects engine components for prolonged engine life.
- **Thermal Stability:** Maintains viscosity and stability at high speeds and temperatures.
- **Enhanced Engine Cleanliness:** Reduces deposits for optimal performance over time.

Meets and Exceeds

- API SN
- SL
- JASO MA2
- JASO MA

Safety and Handling

Refer to the Safety Data Sheet (SDS) for details on safe use and handling.
